

**Section V – Reactivity Data**

Stability	Unstable	<b>X</b>	Conditions to Avoid
	Stable		Avoid high temperatures above 200° F and removal of water.

**Incompatibility (Materials to Avoid)**

Acids, alkalis and oxidizing materials.

**Hazardous Decomposition or Byproducts**

Hydro carbons (when burned) carbon monoxide

Hazardous Polymerization	May Occur		Conditions to Avoid
	Will Not Occur	<b>X</b>	Heat sparks and open flames.

**Section VI – Health Hazard Data**

Route(s) of Entry:	Inhalation? Yes	Skin? Yes	Ingestion? Yes
--------------------	--------------------	--------------	-------------------

**Health Hazards (Acute and Chronic)**

Repeated contact with skin may cause sensitization in some people, resulting in allergic contact dermatitis.

Carinogenicity:	NTP? No	IARC Monographs? No	OSHA Regulated? No
-----------------	------------	------------------------	-----------------------

**Signs and Symptoms of Exposure****SKIN:** Severe irritation; **EYES:** Severe irritation; **INGESTION:** Toxic; **INHALATION:** Severe irritation**Medical Conditions Generally Aggravated by Exposure**

When sufficient amounts are absorbed, the effects can be increased and irregular heart rate, low blood pressure, difficult breathing, cough, and skin discoloration. Death can occur in minutes. Chemical concentrations in the mixture are not anticipated to produce these effects.

**Emergency and First Aid Procedures****SKIN:** Wash skin for 15 minutes with soap and water. Treat any burns. **EYES:** Flush with water for 15 minutes. **INHALATION:** Move victim promptly to fresh air. Give oxygen if breathing is difficult. **INGESTION:** Do not induce vomiting. Give nothing by mouth if unconscious. Seek medical attention if any of the above symptoms persist.**Section VII – Precautions for Safe Handling and Use****Steps to Be Taken in Case Material is Released or Spilled**Ventilate area; wear gloves and protective eye gear. **SMALL SPILLS** Take up with absorbent. **LARGE SPILLS:** Dike and takeup with absorbent. Collect.**Waste Disposal Method**

Dispose of contaminated product and materials used in cleaning up spills or leaks in a suitable container. Consult appropriated federal, state and local regulatory agencies to ascertain proper disposal procedures.

**Precautions to Be Taken in Handling and Storage**

Use in well ventilated area. Keep in container tightly closed when not in use. Keep away from heat and ignition sources.

**Other Precautions**

Keep out of reach of children. Do not ingest. Avoid skin contact. Do not get in eyes.

**Section VIII – Control Measures****Respiratory Protection (Specify Type)**

Use in ventilated area

Ventilation	Local Exhaust Local exhaust should be sufficient with use of covered container.	Special NA
	Mechanical NA	Other NA

Protective Gloves	Yes	Eye Protection	Safety glasses – chemical splash goggles
-------------------	-----	----------------	------------------------------------------

**Other Protective Clothing or Equipment**

Long sleeved shirt, trousers, and safety shoes. Eye wash station and safety showers should be available in the immediate vicinity of any potential exposure.

**Work/Hygienic Practices**

Avoid contamination of food. Launder contaminated clothing before wearing.
